

PRESIDENT M'KINLEY SPEAKS ON CUBA

His Long Expected Message Sent To Congress Today.

CONDITIONS HAVE BEEN UNSUFFERABLE TO US.

In the Interests of Humanity It Has Become Necessary to Intervene--Neither Recognition of Independence Nor Annexation Are Recommended--Matter Left in the Hands of Congress.

Washington, April 11.—[Special]—The president today sent his message on the Cuban question to congress. He also transmitted the consular reports on the condition of Cuba. In the message he asks congress to authorize him to take full and complete measures to secure the final termination of the war in Cuba, and to secure the establishment of a stable government, capable of maintaining order and observing its international obligations, and to use the military and naval forces of the United States as may be necessary for these purposes.

Submits It to Congress After recommending that the distribution of food be continued he says: "The issue is now with congress. It is a solemn responsibility. I have exhausted every effort to relieve the intolerable condition of affairs. Prepared to execute every obligation imposed upon me by the constitution and law, I await your action."

He acknowledges the receipt of information of the proclamation of a suspension of hostilities on the part of Spain and adds: "If this measure attains a successful result, then our aspirations as a christian, peace loving nation will be realized. If it fails, it will be only another justification for our contemplated action."

As reviews the awful conditions existing in Cuba, for which Weyler's concentration order is blamed, and of Spain's futile efforts to suppress the revolution. Speaking of reconcentration he said: "It was not civilized warfare. It was extermination. The only peace it could beget was that of the wilderness and of the grave."

The Maine Disaster After fully reviewing the Cuban horrors he touches on the Maine explosion saying: "The responsibility remains to be fixed. In any event it proves that the Spanish government cannot assure safety to a vessel of the American navy in Havana harbor." A dispatch from our minister to Spain says the Spanish minister of foreign affairs assured him positively that Spain will do all in its power and all that the highest honor and justice requires in the matter of the Maine.

Opposes Recognition The message reviews the movement to secure contributions for the relief of the reconcentrated, and states that nearly \$300,000 in money and supplies has reached the sufferers, and that more is forthcoming. By these means, it says, thousands of lives have been saved. The president argues against the recognition of belligerency or the recognition of independence as remedies to stop Spain's bloody work, but leaves the entire matter in the hands of congress.

The president informs congress of his negotiations with Spain in his efforts to secure peace in Cuba, and of his propositions to Spain looking to an armistice. He declares that his last effort to secure immediate peace ended in disappointment, and that his labors to that end were brought to a close. He says the recognition of Cuba's independence might subject the United States to embarrassing conditions and international obligations which we would not like to meet.

No Annexation. Annexation is not and never has been thought of. The recognition of belligerency would do no good. Therefore, he says, intervention is the only alternative. He summarizes the grounds for such intervention as follows: In the cause of humanity; because we owe it to our citizens in Cuba to afford them protection and indemnity for life and property; because of injury to the commerce, trade, and business of America; and because

tion of facts, which can only be settled by material proofs. The Spanish minister reiterates the assurance that his government is ready to submit the question to experts designated by the maritime powers, whose conclusions are in advance accepted."

MOB MENACES MADRID.

Decision to Suspend Hostilities in Cuba Causes an Uprising. Madrid, April 11.—Spain may have to decide very quickly between a war abroad and a revolution at home.

The cabinet's decision of Saturday to suspend hostilities in Cuba has borne fruit in scenes of turbulence which indicate a perilous condition of affairs.

The demonstrations began Sunday evening as the crowd was returning from the bull fight. A boisterous party recognized Gen. Castelli, Bourbon pretender to the throne of France, who was wearing a scarf of the national colors. The crowd immediately raised cries of "Viva Espana!" "Viva Cuba!"

This outburst took place in front of the presidency and Senor Aguilera, the civil governor of Madrid, rushed into the crowd and by personal persuasion succeeded in restoring a measure of quiet. But the incident seemed to be the signal for a crystallization of the discontent that has been forming since Saturday, and Sunday night at 10 o'clock the Puerto del Sol was filled with a noisy, dangerous crowd that seemed ready for violence.

At that hour a large body of police was drawn up near the Hotel de Paris, where the civil governor was dining. Occasionally the cry "Viva Espana!" would be raised and re-echoed by a thousand voices.

The police acted admirably and the military were kept in reserve at the barracks in case of an emergency. Several of the ringleaders of the mob were arrested, the civil governor threatening to call out the civic guards if the crowd did not disperse.

Long after midnight the demonstrations continued in favor of the army and against the government. The mob visited the military club and the offices of the liberal newspapers. Many were injured. At a late hour it was reported that the crowd had dispersed and only small groups of stragglers remained in the streets. The vicinity of Gen. Woodford's residence and the United States legation had been deserted.

IS NOT AN ARMISTICE.

Spanish Minister of War Explains the Government's Position.

Madrid, April 11.—El Imparcial says that Lieutenant General Correa, minister of war, in a conversation with several people expressed himself as follows: "It is an error to say that the government has granted an armistice to the rebels. I would never give that before leaving the ministry, because it would be the same thing as recognizing the belligerency of the rebels. The government has granted the wishes of the powers that we should cease hostilities during the delay which General Blanco judges prudent for preparing peace. I acceded to a cessation of hostilities, because to refuse the wishes of the powers would be to divorce Spain from the world."

"General Blanco will probably publish a proclamation of truce and also another offering indulgent terms during the cessation of hostilities. If, during this period, there are important submissions and the United States withdraws its ships from the neighborhood of Cuba and the Philippines, all will be well and peace will soon be reached. "Otherwise the Cuban war will continue and the powers will be obliged to demand that the United States maintain absolute neutrality and enforce a dissolution of the filibustering committee in New York."

LEE HURRIES NORTH.

Consul-General to Cuba on His Way to Washington.

Key West, Fla., April 11.—Consul-General Lee arrived on the Fern Sunday morning after a stormy passage. The sailors on the warships cheered him, the church bells rang and all Key West was at the wharf.

The Fern was the last boat to leave Havana. The Spaniards jeered, threatened and cursed the passengers on the Fern, Bache and Olivette.

Havana is practically deserted by Americans and Cubans. The Spaniards expect war will be declared and Havana bombarded by the American fleet.

All American consuls have left Cuba. Many Spanish families have gone to Mexico, fearing a bombardment. There was no excitement in Havana when the Americans left, except a hostile demonstration from the crowd on the Punta and at Castle Morro.

Gen. Lee says his leaving does not necessarily indicate war, but is simply a precautionary movement to prevent harm to Americans, pending negotiations.

WILL GIVE SUMMER CONCERTS

Prof. Taylor and His Band Expect to Render Excellent Music

At the close of the series of open air concerts given by the S. M. O. band last season it was decided to give a more extensive series of concerts for the season of 1898. The concerts will be given alternately in the park and the Corn Exchange square. Special music has been purchased and during the winter two rehearsals a week have been held. A general canvass will be begun soon for popular subscriptions to support the band.

CHARGES AGAINST AN AGENT

J. H. Hull Jr. Of the C. & N. W. Arrested on Miss Hemmingsway's Complaint

John H. Hull, Jr., the newly appointed agent at the Chicago & Northwestern road at Hanover was arrested today on a complaint of Miss Genevieve Hemmingsway. Miss Hemmingsway asserted while crossing the depot platform Saturday evening on the way to her grandmother's she was invited into the depot by Agent Hull. She refused, but he took her by the wrist and about the waist and drew her into the waiting room. He locked the door and refused to let her go until morning.

Hull appeared before Judge Phelps this morning and pleaded not guilty to the charge of unlawful detention. The examination was set for April 18 at 10 o'clock and he was released under \$500 bonds. Bonds were furnished by C. E. Kanous and the defendant's father, John H. Hull, a prominent Baraboo railroad man.

THE COMPANY REORGANIZED

Hall Furniture Factory to Resume Work With Increased Capital

The \$25,000 needed to start the Hall furniture factory has been subscribed by public spirited citizens, and the factory will resume work within the next few days, probably next week.

A special called meeting is scheduled for this evening, at which a board of directors as well as officers will be elected. A name for the new company will be chosen, and in all probability the new enterprise will bear the name of the "Janesville Furniture Manufacturing Company."

The resuming of work at this factory on a large scale will be good news to the residents of Spring Brook, many of whom were formerly employed at the factory.

WORK IN THE DEGREES

Masons Spend the Day in Confering Degrees Upon Candidates

Nearly one hundred Masons took part in the work in Masonic hall today. Delegates were present from Milton Junction, Evansville and Edgerton. A second degree and three thirds were conferred by Janesville Lodge No. 55, F. and A. M. this afternoon, and there will be work in the Third degree tonight. A banquet will be served at 6:30.

BRIEFS FROM BELOIT

Miss Gunderson's Case Continued—Fire—Knights Templars' Service.

Beloit, Wis., April 11.—[Special]—Helen Gunderson waived examination Saturday on the charge of abandonment, and was held for trial in bail of \$1,500, which was furnished by Halver Cleophas and G. W. Mahlum, of the town of Newark. S. W. Menzie will defend Miss Gunderson.

A fire in the blacksmith department of Fairbanks, Morse & Co., broke out last night, about 10 o'clock. The roof of the department was burned, and the damage will amount to about \$1,000.

The Knights Templars held an Easter service yesterday at the Methodist church. Every year the Knights Templars hold Easter services at some church. There were Knights present from Elkhorn and Delavan. An excursion train was run from Delavan.

Charles Gibesaut was discharged from custody Saturday on the payment of \$65. This payment was satisfactory to Miss Gunderson.

READY TO MOVE TROOPS

Extra Engine Ordered to Be in Readiness in This City

According to Milwaukee dispatches the master mechanic of the Chicago, Milwaukee & St. Paul railroad, has ordered that an extra engine be kept in this city and at Mineral Point so that trains can be made up at a moment's notice to transport troops in case of war. Orders were forwarded from the train dispatcher's office in Milwaukee to have a night operator put on at Mineral Point for the next four or five days.

A telephone message from Monroe this morning announced that the Monroe company had been ordered to Madison. As there has been no movement, however, it is assumed that the order was merely a preliminary notice outlining the movement of the company in case any demonstration should be made.

BUTCHERS' BALL IS COMING

Butchers Will Give Their Fifth Annual Ball Next Thursday Night.

Don't forget the butchers' ball at the Armory next Thursday evening, April 14. It is their fifth annual, and will be a fine affair. Smith's orchestra will furnish the music for the dance, and will also give a concert program from 8 to 9 o'clock. George Hatch will sing several selections. The grand march will follow the concert, and will be led by Prof. and Mrs. Williams, of Whitewater. Those holding invitations to former parties are cordially invited. No objectionable characters will be admitted. Tickets 75 cents.

MANY WORSHIPERS ON EASTER MORNING

FLOWER-BANKED PULPITS IN
JANESVILLE CHURCHES.

Special Music in Honor of the Day—
Baptismal Services Conducted by
Rev. A. C. Kempton—Themes
Chosen by Pastors for Their Easter
Discourses.

A pleasant Easter invited even unwilling ones to venture forth yesterday, and the attendance at the various churches was large.

Easter services at Christ church began with celebration of the holy communion at 7:30 a. m. There was a special service at 9, Sunday school at 9:30 and morning service at 10:30. Rev. Mr. Barrington took for his sermon the theme "The Resurrection From the Dead." The special music included solos by Mrs. E. M. H. and Kramer Doty. In the afternoon the sacrament of baptism was administered. There was a Sunday school Easter festival in the evening. The Easter offering toward paying the parish house debt footed up \$840.

There was a choral celebration at Trinity Sunday morning, and in the evening Rev. Mr. Maryon addressed the children.

Rev. O. J. Koerner administered first communion to the large class of communicants at St. Paul's Lutheran church Sunday morning. During Holy week services 339 took communion and 176 knelt at the altar yesterday. It was necessary to put 150 chairs in the aisles to accommodate the congregation.

The Local Union of Societies of Christ's Endeavor and Epworth Leagues held a sunrise prayer meeting at the Congregational church Sunday morning at 6:30 o'clock.

THOUGHTS OF THE FUTURE LIFE

Rev. R. C. Denison Takes This as His Theme for Easter

At the Congregational church yesterday the pastor, Rev. R. C. Denison, preached from the text in Romans 2-7, on the theme, "Immortality and the Appreciation of Life." He said:

The thought of the future life is one of the most profound and attractive with which the mind can be occupied. It is like the sky with star behind star stretching away into the infinite. Nothing is so eloquent of the dignity and nobility of man as a scene which presents some one of the great thinkers having prepared his strong mind as the athlete might get his body all ready before the race or the wrestling match and then grappling with the tremendous question—does the soul live after death?

How the father, whose beautiful boy in the fresh hour when the strength and grace of manhood just begin to come to him had dropped his studies and games and speaking a quick farewell had hurried out of the sight of eye and the touch of hand—how such a father might wait and listen to the profound arguments of the philosopher and express all the anxiety of his great love into the question, can he prove it, can the great thinker show us that we are immortal? Or how the husband from whose side the womanly presence had departed, sitting like Poe in that shadow out of which his soul felt that it could be lifted nevermore, or like James Russell Lowell in that hour when he would give all the world for the rustle of a woman's garment. One of the memorable scenes of life will always be that of Socrates, with but a few hours yet to live sitting among his friends in prison and with all the force of his noble mind arguing that the soul was indestructible.

We read with beating hearts and rising hopes the thoughts of such thinkers as Bishop Butler, whose argument briefly was this, the soul was here, a strong independent force and it must be thought that the soul will always exist unless it can be proved that it does not. Or that noble argument of Immanuel Kant, which is this, man is expected to be good, he expects himself to be good, honor, virtue and love are the laws of our conscience and our nature, but this cannot be attained here in time, there is not time enough for us to be as kind and wise and true as we feel we ought to be, and so there must be a future, an eternal life. And over all the splendid thoughts of the philosophers there stands that supreme thought of the greatest Greek mind, there can no evil befall the good man, either in life or in death. He who has the deepest feeling of immortality is he who places the highest value on life. He who knows that life is immortal is not he who has read another man's arguments, but he who has lived best. How the feeling and hope of immortality grows strong in a man who enters deeply into the friendships of this life. If a man's soul is not knit in love to another soul, if it has never found a friend to love, a friend in whom he forgets himself so that he has to come to appreciate this friendship as one of

the noblest privileges of his life, you cannot make that life to come mean much to him. And then beyond the circle of his own friends he who values highly the pride and purity of the men and women about him, he who thinks that the common life is worth much will have a deep and passionate faith and hope in immortality.

The cripple limps upon his painful way, the blind gropes on in his dark path, often nothing seems so cheap as men. There are multitudes who have the power to enjoy and use education who are denied its opportunities, who know no taste of poetry, science or music—he who believes that at the center of every stunted, suffering life there is a soul—such a man believes that they shall have hereafter the larger life and freedom of which they are capable. The clearness with which a man has faith in immortality depends not only on the value which he sets upon the love of his friends but also upon the value which he places on his own spirit. He whose highest thought of this life is to get what he likes to have will have no deep or strong faith in the eternal life. He who has done most is most anxious to do more, and is most sure that the chance to do more will be given him. Theodore Parker after a pure and heroic life cries out "I have only half used my powers."

It was in this way that Christ brought the hope of eternal life to men. He showed what a noble thing life is, how God stands close to us, how the Father's heart is interested in what we do and what we are.

Christ summoned men to see that life belongs to God, for He knew that if they did, the idea of eternal life would be strong within them.

So then my friends, does the immortal hope sometimes burn low in our hearts, do we have no clear nor uplifting sense for eternity. Are we among those who say, I will do as well as I can in this life, and the next life can take care of itself? Does not the feeling of that eternal life with its larger freedom, its better, its everlasting chance to live and learn and work grow big within our bosoms? Then let me ask you at what price do we hold our own lives? Do we hold that the common chances are royal opportunities and sacred privileges? Hold thy life high for God, so high that it is found faithful to men, and across thy soul will fall shining and clear the light of an immortal hope.

The evening service was in charge of the children, and was a beautiful and interesting one. Among those who took part were: Eddie Randolph, W. B. Tallman, Hugo Speier, Jamie Mayne, Allen Heller, Elizabeth Hazelton, Rachel Head, Dabert Stratton, Floyd Kilmer, Marjorie Croft, Eddie Bohlman, Dottie Dunham, Percy Meritson, Katherine Jeffrie, Emma Murphy, Helen Taylor Lawrence Sanborn, Ruth Jeffrie, Hope Newcomb, Grace Stratton, Hazel Bump, Harold Billings, Edna Chase, Louise Myhr, Ethel Jenkins, Kenneth Jeffrie, John Hackett, Eddie Little, Leslie Thomas, Mabel Charlton, Claude Cochran, Hazel Cheney, Frances Lewis.

CHILDREN AT COURT STREET

Little People Had a Prominent Part in the Services of the Day

The Easter services at Court Street church were a pronounced success. The morning hour was given to the children. The children all had their songs and recitations well in hand and spoke to be heard. The music was exceptionally good. In the evening very excellent music was rendered by the choir. The organ music elicited high praise. Altogether Easter was a bright day at Court Street. The pastor spoke in the evening on the resurrection, physical, his brother on the resurrection, spiritual. The following is a condensation of the pastor's remarks.

Did you ever think of that large procession which is marching from the cradle to the grave? From Adam until now. From now until time shall end this procession continues. Old testament worthies and unworthies marched to the tomb Abraham, large in faith and swift in obedience; Joseph, seemingly left to fate, really and graciously and divinely guided; Moses, that giant of God and guide and moulder of God's people; David and Solomon, regally splendid, magnificent, in the glory of wealth and power; Elijah and Daniel the fearless, and Isaiah the grand; where are all these? By the door of the tomb? John, Peter, James, Paul, these men were very different. Yet in one thing they were alike. They all died. No one of them escaped. Charlemagne, Caesar, Queen Elizabeth, where are they? They have gone into the "silent land." So our own great ones have passed away. Away back in early time a man asked a very important question, "He said: 'If a man die shall he live again?' And whether we ask that question with our lips or not we all ask it with our hearts. The Greek term for death means to end. Xenophon speaking of the death of Darius says: "Now when Darius had ended." The thought was that he ended as a journey ends or as a book closes. So we speak of a person reaching "the end." These expressions are only relative. They are true only as applied to this world. As applied to being they are altogether false. Disease or accident may stop this physical life. It may be done in an instant. Nothing can stop the resistless onward sweep of an immortal spirit. Somewhere and somehow we shall exist evermore.

Here in life you are a man in a boat. The prow strikes the shore of death. You listen to the grating on the sand, feel the shock, then rise step over the prow and on. We live on, but how? Merely as spirits? No. Christ is the "first fruits of them that sleep." He lives. Lives how? In resurrection body and resurrection power. "And

because He lives we shall live also." "Who," says Paul, "shall change our vile body, that it may be fashioned like unto his glorious body." The body he exhibited of course or the revelation means nothing. That body was a real body. He could eat, talk, etc. Yet it was different from these bodies. How? Well, in one sense at least. It is not mortal. Pain cannot rack it. Toil cannot weary it. Disease cannot bring it low. Death cannot destroy it. It will be for the faithful a minister most complete. Here you are hampered by your body. There you will be free.

EASTER IN THE EARLY DAYS

Rev. E. H. Pence Talks of the Primitive Christians and Their Observances.

Easter Sunday was observed at the Presbyterian church with flower and song and an able and thoughtful sermon by the pastor, Rev. Mr. Pence, on "The Resurrection of Christ, the Fact and Its Significance," Acts 2:24, to which the large congregation listened with interest. The pulpit was banked with palms, ferns, flowering plants and cut flowers and the choir rendered some special Easter music, an anthem, "Gloria to Our Lord and Saviour" by Haven. Miss Pearl Weavers sang the selection from Handel's Messiah "I Know That My Redeemer Liveth." The organist, Mrs. Carrie Baldwin on the piano.

Mr. Pence said in part, "The ancient custom of the early Christians was to fast during the week before Easter, and then, after watching all night previous to the day, Easter Sunday was ushered in at the first cock crow in the morning by the cry, echoed and repeated from all parts of the city, 'He is Risen! He is Risen!'"

It was a day of feasting and rejoicing. This event is of the utmost significance and importance. What the keystone is to the arch, what the very central pier is to the bridge, this event which we celebrate this morning in flower and beauty and song, is to the granite structure of the church of Almighty God.

We of today have several ways or gates by which we can find our way back to the garden where Jesus was buried. One of these ways is the bible itself. God permitted to be tangled up with the historical statement the revelation of himself and his law. It is incredible that any mere man or body of men could have the moral character and magnificent conception and reverent spirit to conceive these truths on which the world bows, and at the same time have the immortal character to give them to the world as true. The speaker referred to the writings of some of those most bitterly opposed to Christianity in early times, especially Celsus, the Robert Ingersoll of ancient times, which clearly helped to establish the truth of the very facts which they would throw down—the fact of the resurrection of Christ, which the early Christians believed in so implicitly, else why were they so willing and even anxious to suffer, if need be, at the stake, and on the cross, and at the arena with wild beasts and gladiators?

Paul, in writing to the Corinthians, says that over 500 people saw Christ after his resurrection, many of them people who would have been only too glad and rejoiced to have disproved it. Another witness to the truth of the resurrection of Christ is found in science, which is but the interpretation of nature, and the book of nature was written by the hand of God. Take Tyndall, or Huxley or any great scientist, put them in the witness box, and they will tell you that science corroborates the truth of the resurrection of Christ.

The resurrection of Christ was the greatest day in the world's history, and let us keep ever before us that he is coming again to reign in majesty and power without end.

Special music was a feature of all the services of the day, Sabbath school, Christian Endeavor, and evening service. Mr. Pence's evening sermon was in the series on the early history of Christianity, subject, "The First Great Literary Attacks on Christianity and the Christian Defender."

BAPTIZED ON EASTER SUNDAY.

Important Services Conducted by Rev. A. C. Kempton Morning and Evening.

Very large congregations were at the Baptist church. The floral decorations were beautiful. Special Easter music was given. Rev. Mr. Kempton's morning's subject was "The Resurrection." His text was in Cor. 15:31. He said in part: The apostle was here discussing one of the greatest questions of the age. Is there a life after death? All of us have friends who have gone into the unseen. How shall they be raised? All the men of earth are but a handful in comparison to the multitudes that sleep in the bosom of earth. Earth is a vast sepulchre. Death and sleep are not to be compared; for in sleep there is life. Death and seed are not alike in the resurrection, for there is some life in the seed. You search in vain in all nature for a comparison or illustration of the resurrection. God alone can tell us about this. God has stamped within man's very nature the hope of a future life and resurrection. The Indian buries his tomahawk with his dead. All people believe in the future. The resurrection is the greatest of all miracles Christ performed this more than once. God can make a world and he can gather together the scattered particles of man and give it new life. God alone can do this.

2nd, What will be the manner of body given? God will give us the same body. It must be the same body if it is a resurrection. "This body must put on incorruption." It will be changed in its appearance. It will be different in appearance but the same

J. F. WILLEY SETTLES WITH OTHER HEIRS

LITIGATION OVER RICHARDSON
ESTATE ENDED.

Janesville Man Sued for \$5,400, Contest Being Made by Mrs. Ben F. Manley, of Harrisburg, Pa.—Services During Sixteen Years Formed the Basis of His Claim.

J. Franklin Willey, of this city, has made a private settlement with the heirs of the late Malachi Richardson, and his suit that was to have been tried at the April term of the Dane county court, has been stricken from the calendar.

The case was tried before Judge J. W. Sale in the county court of Rock county last June, and the court found in favor of the estate.

Mr. Willey brought suit for \$5,400 for services rendered to both Mr. and Mrs. Richardson during the years that he resided with them prior to their death. He sued for pay for his full time up to 1889 and for one-third of his time from 1889 to 1896.

Mr. Willey was represented by Fethers, Jeffrie, Fifield & Monat and the heirs by Sutherland & Nolan. E. D. McGowan has acted as administrator of the estate.

Mrs. Ben F. Manley, of Harrisburg, Pa., was the principal heir under the will filed by M. Richardson a short time before his death.

TWO WILL SERVE IN THE NAVY

City Attorney McElroy and Dr. Joe Whitling Have Offered Their Services.

City Attorney Horace McElroy has tendered his services to the United States government in case war is declared with Spain. The acceptance of his offer has been acknowledged and the papers are now on file in Washington.

Mr. McElroy is a graduate of the naval academy at Annapolis, and saw much active service.

Another Janesville man who will have a part in the navy should war be declared is Dr. Joe Whitling. Dr. Whitling offered his services some time ago, and has received word of the acceptance of his proposition.

JANESVILLE, WIS.
"WE KEEP THE QUALITY UP"

They All Agree

That the display of piece goods, dress goods, suits, skirts, shirt waists and undermuslins shown by The Big Store is second to none in town, and that a great deal of it takes first place in the admiration of the ladies who know.

The New Muslins

Dimities, Organdies, Batiste, Percales, Ginghams, &c., are creating no end of attention. It's an assortment of the very newest and choicest things in wash dress goods. Styles to suit every fancy, for a child, miss, young lady, the middle aged, or grand-mas. Such qualities were never known to be so low. Excellent things at 4c, 5c, 6c, 8c, 10c, 12½c, 15c, 20c, 25c, to 50c. Cold type cannot convey to one's mind the beauty of the spring collection. You may think the supply we have is inexhaustible, but such dainty creations are snapped up in a hurry, although we have made unusual preparations. Showing thousands of yards.

Tailor Made Suits

A great sale has sprung up. Several suits go out every day. Women look the town over; women who know suits from A to Z, but they come here to buy; a daily occurrence. It's a fresh, clean line of garments, all made to order for us.

Rugs

New things just received. All sizes. Great values. A stock that might surprise you if not familiar with our way of doing things. The new, rich colorings are harmoniously blended and as pretty as a picture. Don't forget the rug department up stairs. It costs but little to get rugs at this store.

Spring Jackets and Capes

By far the largest line in this city. Bring us \$10.00; we will give you a splendid jacket and return \$5.00 of it. We show the pretty Covert Coats with bright linings at small cost. For elderly women a strong line of black Capes in serges and silks.

Having the "call" by the very best trade, you m'call McCall Bazar Patterns the very best made. All 10c, 15c—none higher.

HEALTH CATECHISM

To Be Committed to Memory By All Dyspeptics, Invalids, Consumptives.

What is the first cause of nine-tenths of all disease?

Imperfect digestion of food. Why does imperfect digestion cause disease of other organs?

Because blood, nerves, muscles, bone and flesh are derived from the food we eat and digest. If digestion is poor, the blood is supplied from half digested, fermented food, irritating every nerve and organ. The result is, sooner or later, organic disease, because every organ being poorly nourished the weak st gives way first and we have liver trouble, kidney complaints, heart disease and consumption.

Is not dieting the usual and best treatment to cure indigestion?

No, because the dyspeptic has been starved long enough; what is needed is abundant nourishment, not the lack of it. The stomach and blood demand nutriment, not bran crackers.

What is the best method of cure? Plenty of wholesome food well digested.

But how can a weak stomach digest plenty of wholesome food?

By taking with the food after each meal certain harmless remedies which are known to digest food and thus nourish the blood and rest the weak stomach.

What are these harmless remedies?

The most valuable are vegetable ferments, pure pepsin, Golden Seal and fruit salts. All of these are now combined in the form of pleasant tasting tablets sold by druggists under the name of Stuart's Dyspepsia Tablets.

Are these tablets superior to the various liquid preparations so called dyspepsia cures?

Most decidedly, because all liquid medicines become stale with age and lose whatever good qualities they may have had originally, while the tablet retains its properties indefinitely. Stuart's Dyspepsia Tablets carried in the pocket, always at hand ready for use when traveling or at daily occupation. They cost but 50 cents, and should be kept in every family. They keep the digestion perfect and save doctor's bills by warding off disease.

Are Stuart's Dyspepsia Tablets adapted to all forms of dyspepsia?

Yes, because in all cases the trouble results from indigestion, fermenting food. Stuart's Dyspepsia Tablets cause the food to be digested before it has time to ferment.

If you wish to know all about them ask your druggist for a package and try them.

Almost Ready for Service.

Norfolk, Va., April 11.—The Mosquito fleet of tugs and yachts recently purchased by the government and of revenue cutters turned over to the navy department for conversion into auxiliary cruisers is now almost ready for service. Armor belts from two to five inches in thickness have been placed around the steel hulls of the boats, and about the only thing remaining to be done is to mount the rapid-fire guns.

Queen Preparing to Leave Spain.

London, April 11.—The Vienna correspondent of the Daily Telegraph says: "How seriously the situation is understood here is shown by the fact that court circles already believe that Queen Regent Christina may soon return to her native land. Suitable preparations are already making at the palace of her brother, Archduke Eugen."

Motive for Action of the Powers.

Paris, April 11.—It is officially announced here that the visit of the ambassadors at Washington to President McKinley was, primarily, in order to give the president the opportunity of notifying Europe of the necessity for the intervention of the United States in Cuba.

Earthquakes in Bohemia.

Prague, Bohemia, April 11.—There have been severe earthquake shocks in the vicinity of Libochowitz, ten miles southwest of Leitmeritz. At the village of Klafai seven houses collapsed and thirty-eight families were rendered homeless. The subterranean disturbances continue.

Millions for Powder.

Wilmington, Del., April 11.—The E. I. Dupont-De Nemours company, it is understood, has received from the United States government a contract for furnishing \$15,000,000 worth of powder, and the mills are being rushed to turn out the material as rapidly as possible.

To Meet at South Bend, Ind. South Bend, Ind., April 11.—Sunday and Monday, May 1 and 2, are the dates for the state convention of the Central Union Benevolent Association of Indiana in this city.

A little boy asked for a bottle of "get up in the morning as fast as you can." The druggist recognized a household name for "DeWitt's Little Early Risers," and gave him a bottle of those famous little pills for constipation, sick headache, liver and stomach troubles. People's Drug Co.

WHAT CONGRESS WILL DO.

Probable Line of Action in Behalf of Cuba in House and Senate.

Washington, April 11.—After the president's message has been read it will probably be referred to the committee on foreign relations without debate. Such is the programme, to which both sides have practically assented, with the tacit understanding that that committee will report on Tuesday the resolutions upon which the house will be expected to act.

It seems about certain now that there will be a conflict both in the committee and in the house as to the nature of the resolutions upon which the house will be called upon to act. Individual views vary greatly, from those who desire a direct declaration of war, based on the theory that the blowing up of the Maine was a hostile act, to a few who are opposed to any action whatever. But the real contest, of course, will be between those who desire to follow what is now generally accepted as the president's recommendation—armed intervention—and those who desire the recognition of the Cuban republic. The democrats both of the committee and the house have taken an unequivocal position in favor of the recognition of independence, although there is a difference of opinion as to whether intervention should follow.

No definite arrangements have yet been made as to the debate, but there seems to be no demand for prolonged time. Mr. Bailey of the minority thinks two days ought to suffice, and some of the republicans think our action would be strengthened if there were no debate at all. Two days seems to be the general opinion as to the length of the debate.

Call for 50,000 Men.

Washington, April 11.—Adj.-Gen. Corbin of the United States army is authority for the statement that the first call issued for the purpose of supplementing the regular army would be for 50,000 national guardsmen. Gen. Miles would then command 75,000 troops. The president believes that if war does occur with Spain the fighting will mostly be done on the sea, and that 75,000 men will be enough to man the fortifications and repel any hostile force that may attempt to land on our shores. If not, he will have some 50,000 men in reserve, and a summons for volunteers will bring as many as might be needed under any circumstances.

A torpid liver robs you of ambition, a dulled you health. DeWitt's Little Early Risers cleanse the liver, cure constipation and all stomach and liver troubles. People's Drug Co.

Columbus May Get the Convention. Chicago, April 11.—Columbus, Ohio, in all probability will entertain the next convention of the National Woman's Christian Temperance union. The matter will be finally decided very soon. The exact date has not yet been set, but it will be held some time in October or November, at the discretion of the executive committee.

Congratulated by William.

Berlin, April 11.—Immediately upon learning of the Anglo-Egyptian victory in the Sudan, Emperor William asked the British ambassador here to congratulate in his name Lord Salisbury and the Sudan general, Sir Herbert Kitchener.

GIVE THE CHILDREN A DRINK

called Grain-O. It is a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee but is free from all injurious properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant, but a health builder, and children, as well as adults, can drink it with great benefit. Costs about 1/4 as much as coffee. 15 and 25c.

If a man could only see what a "wet blanket" he puts over his hard working friend, the stomach, by putting in adulterated, compounded or mean, or cheap whiskey, when it was honestly toiling away to do its work. Well he would never repeat the outrage and injustice. It is like striking your friend a vicious blow when he is elving away for you with might and main. Don't do it. Let those noxious compounds alone, and use only the pure, straight Green River Whiskey, which is well matured in bond, and made especially pure for medicinal use, it is bottled under the direct supervision of the U. S. Government, the stamp of the nation covers every bottle of it, thus attesting its genuineness, age, proof and purity. Be sure you get Green River Whiskey J. W. McCulloch, Distiller, Owensboro, Ky. AFRAID OF THE RECORD

Those recently-published tables, comparing prices at the date of the Chicago convention of 1896 with those of March, 1897, as shown by the Omaha World-Herald market reports, have been stricken from the Congressional Record, Congressman Bailey, the democratic leader, having forced that action. Such acts are vain, however, for the people know that all farm products have advanced while silver has been declining.

Bank clearings, which show great business activity, are no the only evidences of prosperity. Last week's issues of Bradstreet's and Dun's show wonderful activity in all business lines all over the country, reports from Chicago, indicating real estate sales in that city 90 per cent. larger than on the corresponding date of last year, and lumber sales the best in years; while from St. Louis come reports of "a much larger business among jobbers and manufacturers than during the spring of any recent year."

Four Leaf Clover.

Four leaf clovers set in crystal and mounted in sterling silver are appearing as stickpins, as fobs and good luck charms of various kinds. They are very popular as the design on garter buckles. Every girl is bound to wear a four-leaf clover in some shape or form, and there is a perfect fad for them, some young maids believing that they have no good fortune the days that they do not wear them. The smallest specimens of the clover have been secured, fully dried so as to preserve their natural color and placed between two tiny crystals. These crystals may be rimmed with either silver or gold, in the shape of hearts, diamonds or circles, jeweled or plain, according to individual fancy. Speaking of color, the question arises, how many girls know that one leaf is for health, one for wealth, the third for love, and last for happiness? Many young women take pleasure in searching for four-leaf clovers under circumstances described by George Eliot as "a solitude a deux."

Advance in Values.

The enormous rise in real estate values in great cities was illustrated in the career of Amos R. Reno, who died recently in New York city, leaving twenty million dollars. With the few dollars made selling dry goods he invested in four outlying lots. The lots, on which he subsequently built the Fifth Avenue hotel, were so far up town that the hotel was called "Reno's folly." Today all the great Gotham hotels are farther up town than this one.

His Objection.

"But, George, if you would state the case to papa as fully as you have to me, I think he would consent to our union. He could help you, you know. With that patent dish cloth wringer of yours, the whole country for a field and papa at your back—" "It is your papa at my back that I'm afraid of, Laura."—Roxbury Gazette.

EASTER MORNING SERVICES

[Continued from page 2]

In substance. It will be a glorified body. It will be like the body of Christ. We know not how God will do these things, but we know it is done. There are many great changes in earth that we cannot tell how it is done, but we know that it is so and we know that God will some time come and change these bodies of ours into those like the glorified body of our risen Lord. God would come to us who mourn today and comfort us with this great promise of the resurrection of those we loved. We shall again see them and know them! We believe in and love the Christ who has overcome the grave and given us this great promise of victory over death. Those who trust in him alone have this great blessed promise given.

In the evening Mr. Kempton gave a very interesting and earnest discourse upon the "Prodigal Son." The floral decorations were especially beautiful and appropriate. After the sermon four young ladies and one young man were baptized. A large and profitable ten minute after meeting was held.

BRIEF ROCK RIVER NEWS NOTES

Elder W. C. Whitford to Conduct Communion Services Next Sunday

Rock River, April 11—Miss Gusty Pellet is engaged to teach the spring term of school here. Elbert Moritz, of Jefferson, spent Sunday with friends here. Communion services will be held here next Sabbath. It is expected that Elder W. C. Whitford will preach. Miss Edna Richmond, of Lima, visited friends here from Friday until Saturday. House cleaning is the order of the day. The Misses Mabel and Myrtle Boyd, of Lima, called on Mrs. Elmer Vincent Sunday. The Christian Endeavor meetings will begin at 6:30 p. m. Sabbath evening. All are cordially invited to attend.

Seeds, Alone,

Of all the purchases of a countryman, a farmer or gardener, or of a city man having a front or back yard, are articles requiring absolute confidence as to the final outcome of their sowing. The planter of Seeds can tell something beforehand, judged by their outward appearance, when he buys a pair of shoes, suit of clothes, a piece of machinery, even a horse—always a risky investment—but with Seeds he has nothing to guide him as respects merit; nothing but the reputation of the grower. He places himself at the mercy of the Seed Grower and spends his money and time covering a period from 40 to 100 days before he knows whether or not he has been given the value of his outlay and expectations, or has been sold a gold brick. Reader, you take none of these chances in purchasing Landreth's Seeds.

A HOT FIRE RAGES ON RIVER STREET

FOUR BUILDINGS WRECKED AND DAMAGED.

C. T. Wilcox, C. T. Wright, Wickoduz & Davidson and Herman Kath the Losers—Blaze of Incendiary Origin—Fine Water Service Given—Department's Splendid Work.

An incendiary fire burned for three hours on South River street last night. The losses were:

WILCOX C. T., frame building corner of South River and Dodge streets. Occupied by Kentucky saloon. Building wrecked. Loss probably \$500. No insurance.

WILCOX C. T., building adjoining the above. Wrecked. Loss probably \$500. No insurance.

WRIGHT C. T., carriage shop. Building insured for \$500, which will cover the damage. Contents damaged minimally by water.

KATH HERMAN, saloon. Building damaged non-fatally. Contents damaged \$25 to \$50 by water. I insured.

WICKODUZ & DAVIDSON, Kentucky saloon. Contents damaged by water only. Loss cannot be placed, as many goods were removed. Stock insured for \$250.

The Wilcox building was all ablaze when John Birmingham discovered the fire at 10:40 o'clock. Birmingham ran to the West side station, and turned in an alarm. The department found a hot fire in progress when they arrived.

Of Incendiary Origin.

The blaze started in the rear of the upper story of the Wilcox building adjoining the Kentucky saloon. A quantity of excelsior was stored in the building although the front portion of the store was vacant. The firemen at once characterized the blaze as incendiary, and as it had a good start their first effort was to "cool it" and prevent the light on of surrounding property. Chief Spencer gave orders to attack it from all sides, and soon six powerful streams were pouring in to the flames. The water company gave splendid pressure and the streams ripped the flaming boards from their fastenings with ease. Fire pressure was not called for, yet the building was fairly flooded.

An attempt was at once made to save such contents if possible. Goods were hustled out of the Kentucky saloon, and the buggies were run out of Wright's shop.

That anything remains of the building seems almost a miracle, yet the fire was held on the upper floor, and the lower floor was only damaged by water. The fire department is therefore entitled to much praise.

Struck by a Cornice

F. E. Evenson and F. C. Hazelton, of the fire police, had a close call for serious injury. They were running along the sidewalk in front of the saloon, when the heavy wooden cornice, wrapped in flame, fell with a crash. Evenson and Hazelton did not hear the warning calls in time, and were buried in the debris. Evenson happened to be partly under a ladder, which broke the force of the fall, but Hazelton got the full force of the blow. He was knocked down, and lost in a cloud of smoke and steam. He scrambled to his feet uninjured, however. Evenson also escaped injury.

When the front of the saloon building burned free a hook was attached to the front and it was pulled down. The fire could then be reached, and it was quickly quenched. The department was in service wetting the ruin until 2 o'clock.

Dr. and Mrs. W. H. Judd Delighted With the Crescent City

During their stay in the south Dr. and Mrs. W. H. Judd spent considerable time in New Orleans and are enthusiastic over the beauties of the Crescent City. While in New Orleans they met Dr. and Mrs. J. F. Pember and Mrs. J. F. Sweeney. They also attended, in the same city, the celebrating of Decoration day, which to the far south falls on April 6. General Joe Hooker made a speech over the grave of many confederates, the exercises in many respects being similar to those held in the north.

In Indiana their train was delayed by floods.

East Side Bachelor Deterred from Matrimony by Delay in Getting Papers.

Taking courage from recent ceremonies, an east side marriageable man with brow furrowed, hair silvered, and of some prominence, inquired of a county officer about a marriage license. The county officer informed him that he was just out of such licenses, and did not expect any for several days. The inquirer went away, leaving the impression on the mind of the officer that he was sorely grieved because he would be obliged to postpone the anticipated event.

CALL TO FOND DU LAC HAS BEEN ACCEPTED

REV. H. W. THOMPSON WILL LEAVE JANESVILLE.

Will Preach His First Sermon Next Sunday—Unanimous Summons Sent to Him After the Meeting Held by the People's Christian Association Yesterday.

Rev. H. W. Thompson, of the First M. E. church in this city, has accepted the call extended by the People's Christian Association of Fond du Lac. He will leave Janesville next Saturday, and will preach his first sermon there on Sunday.

The members of The People's Christian Association held a rousing meeting yesterday and this morning Rev. Mr. Thompson received the following telegram:

"You are selected unanimously by the members of the association."

To this telegram a reply was immediately forwarded announcing his acceptance.

When interviewed this morning Rev. Mr. Thompson said that he would at once make preparations to leave Janesville, but that for the present his family would remain here.

Members of the church were much surprised at the announcement in The Gazette of Saturday evening. It was their first intimation that any change was contemplated. The relations of pastor and people have always been pleasant, but it is understood that Mr. Thompson came to Janesville unwillingly, and shared in the feelings of other prominent members of the Wisconsin conference against recent decisions of the bishop's cabinet. Who will fill the local pulpit, is a matter that Presiding Elder Pease and the official board of the church will decide this week. An informal meeting was held Sunday, but nothing definite was done.

Rev. Mr. Thompson preached his farewell sermon yesterday. He took for his text subject in the morning, "The Power of the Resurrection."

Long before the hour of service every seat was occupied. The pulpit was surrounded with flowers and potted plants. Janesville Knight's Templar, attired in full uniform, attended to a body, the pastor being a member of the order. Special music was a feature of the service, Mrs. E. J. Carroll being the soloist.

FOUND SIXTY-NINE DEAD.

Latest News of the Disaster in the Chilkooot Pass.

VICTIMS SO FAR IDENTIFIED.

It is Believed That Seventy-Five Persons at Least Were Entombed in the Great Avalanche—The Men Had Been Warned of the Danger.

Seattle, Wash., April 11.—The story in greater detail concerning the Chilkooot avalanche disaster April 3, in which so many lives were lost, is at hand by the steamships Australia and City of Seattle.

It is certain that at least seventy-five persons perished. Sixty-five bodies have been recovered. The rescue work prosecuted by hundreds of willing hands is still in progress, with prospects of the recovery of the remains of others.

The names of the dead so far as ascertained follow: E. T. Hudson, Portland, Ore.; E. P. Haines, Seattle; W. L. Riley, Seattle; E. D. Atwood, New York; C. Book, Sanford, Fla.; L. Weidlein, Kansas City; John A. Morgan, Emporia, Kas.; S. Grimes, Tacoma, Wash.; Mrs. A. U. Moxon, Punksutawney, Pa.; F. Thomas Culladen, Portland, Ore.; Steve Stevenson, Seattle; C. P. Harrison, Seattle; G. Leon; Walter Chappey, New York; J. C. Murphy, New York; Frank E. Sprague, Ballard, Wash.; Henry Johnson, Flemingsville, N. Y.; August E. Ziebarth, Seattle; —Garrison; —Ritchie; —Durbert, Seattle; Austin Preston, Grizzly Bluffs, Cal.; Harry Holt, Tacoma; Jeff Saley, Weiser, Idaho; S. Atkins, Baker City, Ore.; Rasmus Hedegard, Baker City, Ore.; —Stevenson, New York; R. L. Estabrook, Seattle; G. F. Smith, Sedro, Wash.; J. Pierce, Tacoma; —Warner, San Francisco; A. Anderson, San Francisco; E. Kinney; W. Carle, San Francisco; Con Gephart, Seattle; J. P. Clark, Idaho; —King; Thomas Clark; George Riser, Seattle; McNeill Sanford, Portland, Ore.; A. Campbell, Seattle; Con Rasmus, Colorado; W. Grimes, Atkins, Idaho; A. D. Bissell; T. Glynn, Portland, Ore., employe Chilkooot Tramway company; Ed. Dolan, employe Chilkooot Tramway company; A. England, Tacoma, employe Chilkooot Tramway company; John Merchant, Grizzly Bluffs, Cal., employe Chilkooot Tramway company; C. L. McNeill, San Francisco, employe Chilkooot Tramway company; George Uhlin, Tacoma, employe Chilkooot Tramway company; John Ready, employe Chilkooot Tramway company.

Eye witnesses say that the great mountain of snow, ice, earth and rocks rolled down the dizzy Talya heights with the speed and rumble of a mighty train, burying beneath its weight scores of human beings.

To those who were in the path of the destroyer escape was impossible. They were overwhelmed in an instant by the great weight of this mass of matter. In places the snow was stacked up from thirty to fifty feet in height. In nearly every case death appears to have resulted from suffocation. Several of those taken from debris by rescuers were so chilled that they died soon after.

There were two distinct avalanches, the main one about midway between Stone House and the Scales. The first, while resulting in three deaths, was a miniature affair as compared with the second. In it C. L. McNeill, August Ziebarth and Steve Stevenson were killed.

Lester M. McNeill, who accompanied his brother's remains to this city, is convinced that the first slide, which was below Stone House and two miles north of Sheep Camp, came during the night of April 2, from the fact that the bodies of all three of the men found were in sleeping bags wrapped with blankets.

McNeill thinks that not more than seventy-five were caught. There were, he said, not over eighty people in the vicinity when the snow began to slide. For several days prior to the disaster those familiar with the Chilkooot trail had said there were indications of a slide. The miners were cautioned, but the admonitions appear to have fallen on deaf ears. The men were seemingly bent on pressing ahead, taking chances on reaching the summit with their outfits before the warm weather should release the grip of the accumulated snow and ice.

Railways Combine to Fight.

Lansing, Mich., April 11.—Thus far during the special legislative session the Michigan Central has had greater interests at stake than any other railroad company operating in Michigan, and in the fight against the Pingree bill that company took the principal part. Saturday's action of the house in passing the Bemis bill, increasing the specific tax rate paid by railroad companies, has aroused the other companies, and all are now trying to defeat this bill in the senate. The increase in the rate varies with the gross earnings for each mile of road operated in Michigan, but the lowest estimate of the annual revenue the bill will yield the state is \$1,500,000, or twice what the companies now pay.

Killed by an Editor.

Williston, N. D., April 11.—O. M. Dean, editor of the Williams County Free Press, shot and killed "Hank" Schuffert, who attacked him when going from Grinnell, N. D., to his home. The exposure of cattle stealing by a gang of "rustlers" is supposed to be the cause of the affray.

Condition of Mr. Gladstone.

Hawarden, April 11.—Mr. Gladstone slept well last night, and is feeling quite comfortable to-day.

DIPLOMATIC STRUGGLE ON.

It is Said China Has Become Distrustful of Russia and Turned Again to Great Britain—Recent Turkish Massacres in Anatolia.

Yokohama, April 11.—Dispatches from Nagasaki report that a collision has taken place between the British and the Russians at Ta-Lien-Wan. These rumors are unconfirmed.

CHINA DEPENDS ON BRITAIN.

Prestige of the Island Empire is Higher Than Ever.

Pekin, April 11.—The effect of Great Britain's action at Wei-Hai-Wei is already apparent here. The Chinese thoroughly comprehend now the disinterestedness of the British and their prestige is now higher than ever. The Chinese regard Great Britain's action as a step which has saved the empire from dismemberment. No definite arrangements have yet been made regarding the extent of territory to be occupied in connection with Wei-Hai-Wei, but probably it will be the same district as is held by Japan, ten miles inland and parallel with the indentations of the coast.

Dervishes Are Crushed.

Cairo, April 11.—The victory of the Anglo-Egyptian expedition over the dervishes at Nakella, on the Atbara river, has practically destroyed the dervish force. It is now believed that over 3,000 of the dervishes were killed. Hourly proof is received at the camp of the completeness of the victory and the utter rout of Mahmoud's and Osman Digna's army.

Left 40,000 Orphans.

Constantinople, April 11.—The Armenian patriarch has sent to the Turkish relief committee a list of forty churches wholly or partly destroyed during the recent massacres in Anatolia. He fixes the number of children whose parents were killed at 40,000.

Fighting in the Philippines.

Madrid, April 11.—Dispatches from Manila say that the insurgents captured Cebu, but were expelled later by the Spanish garrison, with an insurgent loss of 500. The Spanish losses are described as insignificant.

Michigan Gives Money.

Lansing, Mich., April 11.—Governor Pingree Saturday sent to the house a very able and patriotic state paper, recommending the authorization of an emergency war loan of \$500,000, which was passed by that body by unanimous vote.

Germany Will Be Neutral.

Washington, April 11.—The German ambassador has received official notice of the settlement of the Canamabra claim against Spain for the destruction by the insurgents of a plantation in Cuba belonging to a German subject by the payment of 450,000 pesetas, or \$90,000, which shows that William the Sudden knows how to collect his bills. But nevertheless at the same time the embassy is informed officially that the German government has notified Spain that in case of a war with the United States it will remain absolutely neutral.

SINGULAR STATEMENT.

From Mrs. Rank to Mrs. Pinkham.

The following letter to Mrs. Pinkham from Mrs. M. RANK, No. 2,354 East Susquehanna Ave., Philadelphia, Pa., is a remarkable statement of relief from utter discouragement. She says:

"I never can find words with which to thank you for what Lydia E. Pinkham's Vegetable Compound has done for me.

"Some years ago I had womb trouble and doctored for a long time, not seeing any improvement. At times I would feel well enough, and other times was miserable. So it went on until last October, I felt something terrible creeping over me, I knew not what, but kept getting worse. I can hardly explain my feelings at that time. I was so depressed in spirits that I did not wish to live, although I had everything to live for. Had hysteria, was very nervous; could not sleep and was not safe to be left alone.

"Indeed, I thought I would lose my mind. No one knows what I endured. "I continued this way until the last of February, when I saw in a paper a testimonial of a lady whose case was similar to mine, and who had been cured by Lydia E. Pinkham's Vegetable Compound. I determined to try it, and felt better after the first dose. I continued taking it, and to-day am a well woman, and can say from my heart, 'Thank God for such a medicine.'"

Mrs. Pinkham invites all suffering women to write to her at Lynn, Mass., for advice. All such letters are seen and answered by women only.

CURES HEADACHE QUICK. Dr. Davis' Anti-Headache. 25c.

United States cruiser (formerly Diogenes), in command of Lieut. John J. Knapp, and the torpedo boat Somers, Ensign C. W. Hazleton commanding, which were en route for the United States, put in here Sunday. After clearing Portland such a heavy sea was encountered that the Somers was almost buried, and Lieut. Knapp deemed it safer to return. About thirty of the Topeka's crew refused to sail in her, necessitating the shipping of others to fill their places. The Somers, it is found, sprung a leak, but her officers do not regard the injury as serious. Her crew, however, became frightened and struck. They were not enlisted men. Lieut. Knapp is endeavoring to secure a fresh crew.

Bring Rich Treasure.

Victoria, B. C., April 11.—C. A. Barnard arrived here yesterday from Dawson. There were three important arrivals at Talya just before he left. Two of these are direct from Dawson, while the third is from the region of the upper tributaries of the Stewart river. This last man is a quarterblood Indian, known as Charlie Tagish, and he is in possession of fifty pounds of nuggets and several thousand dollars in gold dust. From these late arrivals Barnard learns that there will be a big rush for the upper tributaries of the Stewart as soon as the country is passable. Reports of big strikes in the Tanana country, 180 miles northwest of Dawson, were also confirmed.

Will Fight to Retain Cuba.

Vienna, April 11.—Count Hoyos, the Spanish ambassador in Vienna, interviewed on the latest developments in the Cuban crisis, declared emphatically: "For the Spanish government to offer a truce in Cuba would be renouncing all authority. Only the Cuban cortes can decide Cuba's fate. Spain is prepared to grant the fullest autonomy, but cannot and must not renounce the suzerainty. Spain desires peace. If war breaks out all Europe will suffer. The war will extend to all seas—first to China. If Washington insists upon Cuba's independence we must draw the sword and fight till the last drop of blood is shed for the integrity of Spanish possessions."

SORES SEPTICIDE

On His Leg Twenty-seven Years Cured by

"While in the army with the 54th and. Vols. sores came on my leg from the knee down, and much of the time since that I have been able to walk only with crutches. I have tried almost every remedy which friends suggested, but never struck the right remedy until about three weeks ago, when by the advice of our druggists, Goddard & Watson, I commenced the use of "SEPTICIDE." I took it internally and kept the sores wet with it four or five times a day. I am now happy to say, that I am entirely cured, and my leg is as sound as ever.

THOMAS MOLER, Chippewa Falls, Wis.

DEATH NESTS.

MUNYON TALKS ABOUT THE KIDNEYS.

"Wars and plagues," says Professor Munyon, "kill more people than diseases of the kidneys. In health these organs relieve the system of all poisonous material and discharge it through the urine. If diseased the poison remains in the blood and increases by minute quantities, piling up atom by atom, until the system can no longer resist its efforts. The heart is poisoned. Its action fails and dropsy appears. The nervous system is poisoned and convulsions are followed by death. Have you neglected your kidneys? Have you been a heavy drinker? Have you allowed a cold to settle in these organs? Have you overworked your stomach, liver, or nervous system, and thrown more strain on your kidneys than they can bear? No matter what the cause, trust our Kidney Cure. It is the joint product of the most eminent and successful physicians of the world, and has cured thousands of cases. I will guarantee that my Kidney Cure will cure 95 per cent. of all forms of kidney disease. When the disease is far advanced and there are other complications patients had better send a four-ounce vial of their urine, with full symptoms. We will then make a careful analysis of the water, and advise the best course to pursue to get well, absolutely free of charge."

Prof. Munyon has a separate specific for each disease. They may be obtained from druggists, and nearly all are 25 cents a vial. Personal letters to Prof. Munyon, 1505 Arch Street, Philadelphia, Pa., answered with free medical advice for any disease.

Mystery at Indianapolis.
Indianapolis, Ind., April 11.—The murder of Mrs. John A. Moore in the beautiful residence of her sister, Mrs. Dirk De Ruiter, in Meridian street, is still unsolved. De Ruiter, ex-councilman and wealthy contractor, was called before the detectives, but proved to their satisfaction that he was not in the neighborhood at the hour when the killing was done. The husband of the murdered woman was then placed under arrest. He declares he did not do it, but witnesses say he was at the house about that time.

Legislators Work Without Pay.
Lansing, Mich., April 11.—The twenty days for which legislators can draw pay for serving at an extraordinary session has expired by constitutional limitation. For this first time in its history Michigan will witness a legislature working without compensation. It is not believed that the session will last much longer under these circumstances, the probability being that final adjournment will be reached Wednesday.

FRENCH PRESS BACKS SPAIN.

Accuses the United States of a Desire to Grab Cuba.

Paris, April 11.—The tone of the press here suggests that Spain is held to have succeeded in clouding the issue, and in making herself appear patient and moderate in the face of American aggression.

The Temps says that Spain has given fresh proofs of her prudence, reasonableness and patriotism. Henceforward the interests and honor of Spain are in the hands of the diplomacy of Europe. As for the United States, they would revolt the conscience of the civilized world if they did not respond to the advances of Spain.

The Journal des Debats says that if the American jingoists persist in their warlike campaign they will prove that they had in view, under the pretext of humanity, only their private interests, and the substitution of themselves for Spain in the pearl of the Antilles.

Was Due to the Pope.

London, April 11.—The Rome correspondent of the Daily News, telegraphing Sunday, says: "The pope telegraphed personally to the queen regent and Premier Sagasta to convince them that it was to Spain's interest to concede the armistice without delay and without conditions in order to put President McKinley in such a position as to make it difficult for him to decide what course to take. At the Vatican it is said that the armistice will have the effect of moderating President McKinley's message and of inducing congress to give him greater freedom of action."

One Regiment from Indiana.
Anderson, Ind., April 11.—Indiana national guard officers and members of the different companies throughout the state were notified from Washington Saturday that Indiana had been set down for one regiment of infantry and one battery of artillery in case it is necessary to make a call for troops, and the information was further to the point that it was likely in case of war the call would come this week, and the regiment and battery would be expected to report within twenty-four hours.

Nebraska Troops Ready to Go.
Lincoln, Neb., April 11.—The Nebraska state guard is on a war footing. All the additional accouterments requested of the federal government have been furnished, and the adjutant general has reported to the governor that the guard is ready to move on a day's notice. Gen. L. W. Colby of Beatrice is busily engaged in organizing his volunteer legion of 40,000. He has already offered the services of the troops to the president.

Spain's Good Faith Doubted.
Washington, April 11.—Senators and representatives are almost unanimous that the latest move of the Spanish government is an effort to again involve the United States in the meshes of diplomacy, with the hope that some arrangement may yet be effected which will leave the Spanish flag floating over Cuba. There is much impatience in both houses.

May Have Seized Havana.
Washington, April 11.—Reports were in circulation to-night that the Havana volunteers had taken possession of the Cuban capital and would probably be joined by a segment of the Spanish army. No representative of the United States remains in Havana, and not a line of official news from that place was received.

Spain Sends More Troops.
London, April 11.—A dispatch to the Daily Telegraph from Gibraltar says the Spanish cruisers Cristobal Colon and Infanta Maria Teresa have left Cadiz for a destination undivulged, with six battalions, each 1,000 strong. Additional troops, the dispatch asserts, will leave Cadiz by the mail steamers during the next few days for Cuba.

Think War Merely Delayed.
London, April 11.—Continental telegrams to newspapers all welcome the armistice as giving at least a prospect of peace, but it is the general belief, looking to the difficulties involved, that there is only a delay of war, as the United States will refuse to be a party to further negotiations.

Awaits the Order to Strike.
Hong Kong, April 11.—The American squadron has completed its arrangements for putting to sea. The vessels have steam up, and are ready to leave at a moment's notice.

Colored Troops Go to Chickamauga.
Washington, April 11.—The twenty-fifth regiment of the United States army, composed of colored troops, has started from Missoula, Mont., for the Chickamauga national park.

DR. TURBIN

OF BERLIN, GERMANY.

The Eminent Specialist and Surgeon, has made regular monthly visits to this state for the past

SIX : YEARS

Will again be in...

JANESVILLE

Satur'd'y, April 16

AT THE MYERS HOUSE.

Consultation and Examination Free.

YOUNG MEN If you are troubled with nervous debility, stupidity, or are otherwise afflicted for business or study, caused from youthful errors or excesses, you should consult this specialist at once. Don't delay until too late.

MIDDLE-AGED AND OLD MAN-KIND—There are thousands of you troubled with weak, aching backs and kidneys and other unmistakable signs of nervous debility. Many die of this difficulty, ignorant of the cause. The most obstinate cases of this character treated with untiring success.

ALL DISEASES of delicate nature—inflamed troubles—quickly cured without pain or inconvenience.

CATARRH which poisons the breath, stomach, and lungs and paves the way for Consumption, also Throat, Liver, Heart, Kidneys, Bladder and all constitutional and internal troubles; also Rupture, Piles, Fistula, Dyspepsia, Diarrhoea and all diseases of the stomach and bowels treated far in advance of any institution in the country.

BLOOD AND SKIN Diseases, Sores, Spots, Itch, Tetter, Eczema and Blood Poison thoroughly eradicated, leaving the system in a strong, pure and healthful state.

LADIES—If you are suffering from persistent Uterine Displacements, Pains in Back, and feel as if it were impossible for you to endure your troubles and still be obliged to attend your household and social obligations. There are many women doing this today. However, a great many have taken treatment of this specialist, and he can refer you to those who have been cured by him. Give the doctor a call. He can give all the encouragement in the world and will cure you if you trust yourself to his care.

DOCTOR TURBIN,
614 Madison Ave. Chicago, Ill.

Slashing at shadows

—those misguided women who won't use Pearline because "it must hurt the clothes." If Pearline hurt either hands or clothes, don't you suppose that the women who use it would be saying so? The very ease of its washing keeps many from using Pearline. They've been brought up to believe that easy washing is dangerous. So it is, often. That is a risk you run with new and untried things. But Pearline, the first and original washing-compound, is as well-known as soap, and known and proved to be equally harmless.

Millions NOW USE Pearline
